

Preface

The purpose of this Field Guide is to provide a quick, handy guide for persons involved in land disturbing activities. This includes homebuilders, general contractors, road builders, installers of best management practices, erosion and sediment control planners and designers, plan reviewers and inspectors.

The basis for the Field Guide is Volume 2 of the Alabama Handbook for Erosion Control, Sediment Control and Stormwater Management on Construction Sites and Urban Areas, July 2018.

The Field Guide covers the most commonly used erosion and sediment control practices contained in the Alabama Handbook. Some details and most pictures of the practices were omitted to maintain a small format.

Consult the Alabama Handbook Volumes 1 and 2 for details on planning, design, construction and inspections. It may be viewed at the Alabama Soil and Water Conservation Committee homepage (<https://alconservationdistricts.gov>) under the “Resources – Erosion and Sediment Control” tab and it may be purchased from the Jefferson County Soil and Water Conservation Foundation (order form is at the same web location mentioned above).

This Field Guide may be obtained from the various project partners (see Acknowledgements section).

Acknowledgements

This Field Guide is a product of a partnership coordinated by the Alabama Soil and Water Conservation Committee. The partnering organizations are listed below:

Alabama Soil and Water Conservation Committee
Alabama Association of Conservation Districts
Alabama Department of Environmental Management
Alabama Department of Transportation
Associated General Contractors of Alabama
Auburn University
Alabama Cooperative Extension System
Home Builders Association of Alabama
Natural Resources Conservation Service
Soil and Water Conservation Society - Alabama Chapter

Appreciation is expressed to the following entities for their input in developing and revising the Field Guide:

Alabama Department of Environmental Management
Alabama Department of Transportation
Auburn University Erosion and Sediment Control Test Facility
Home Builders Association of Alabama
Natural Resources Conservation Service
Sunshine Supplies, Inc.
Thompson Engineering, Inc.
Volkert, Inc.

Table of Contents

Preface	i
Acknowledgements	ii
Table of Contents	iii
Chapter 1 Introduction	1
Chapter 2 Site Preparation Practices	7
Construction Exit Pad (CEP).....	9
Topsoiling (TSG)	11
Chapter 3 Surface Stabilization Practices	15
Chemical Stabilization (CHS).....	17
Dust Control (DC).....	19
Erosion Control Blanket (ECB)	21
Groundskeeping (GK)	23
Mulching (MU)	27
Permanent Seeding (PS)	31
Sodding (SOD).....	37
Temporary Seeding (TS).....	43
Tree Planting on Disturbed Areas (TP) .	49
Chapter 4 Runoff Conveyance Practices	53
Check Dam (CD).....	55
Diversion (DV)	63
Drop Structure (DS)	117
Grass Swale (GS)	65
Lined Swale (LS).....	67
Outlet Protection (OP).....	69
Riprap-Lined Swale (RS)	71
Temporary Slope Drains (TSD)	73
Chapter 5 Sediment Control Practices	77
Brush/Fabric Barrier (BFB).....	79
Flocculant (FL)	81
Inlet Protection (IP)	83
Rock Filter Dam (RD).....	91
Sediment Barrier (SB)	95
Sediment Basin (SBN)	101 and 117
Sediment Trap (ST).....	105

Table of Contents (cont.)

Chapter 6 Stream Protection Practices	109
Temporary Stream Crossing (TSC)	111
Chapter 7 Earthen Dam Structures	115
Earthen Dam Structures.....	117
Contacts.....	121
